## Preface

**Everlasting Iron Works** was founded in the early 1990's by its entrepreneurial Director Anthony Anagnostou.

From the beginning, Anthony's main goal was producing "*the highest quality products that everyone can afford*". We have stayed true to this philosophy through our evolution as a company which is now one of Australia's largest wrought iron manufacturers.

Our aim is to provide you with high quality local components, made by skilled local labour, in our manufacturing and fabrication facility in Keilor East. When **Everlasting Iron Works** is employed to design and fabricate your work, you can be assured they will not be cheap, light imitations from overseas, but rather high quality components made from local steel.

Our designs are of the highest quality, offered at very competitive rates. We offer classical designs stemming from some of the most highly acclaimed buildings throughout Europe, to modern masterpieces to match your cutting edge home.

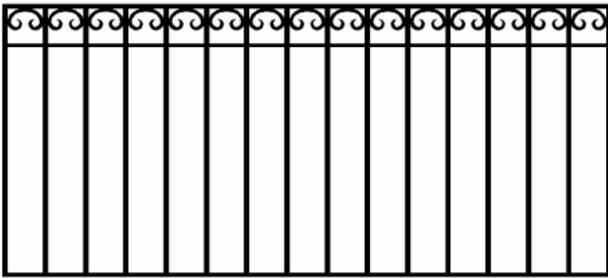

Talk to us soon about your particular needs, regardless of how specific they are, or how custom your designs may be, and give us a chance to manufacture your thoughts...

## Baluster Inserts

Everlasting Iron Works has a full range of ready made baluster inserts to instantly fit into any custom work you may produce. Our balusters are fabricated to a generous **1000mm** long as **STANDARD**, allowing you to easily integrate into any level or rake balustrading.

Of course, as always at Everlasting Iron Works we can **CUSTOMISE** the **length** of any **balustrading insert** to your specific needs. Give us a call to discuss the endless options.

The following pages shows our standard range of baluster inserts. You can use the legend below as a guide to what options are available as standard.

### LEGEND

□	SOLID SQUARE BAR
∅	SOLID ROUND BAR
PL.	PLAIN BAR
HEB	HAMMERED BAR
TBS	TWIST BAR SINGLE
TBD	TWIST BAR DOUBLE
